

# Into The Wild

Words and Music by Lisa Witty

1. **E A E A**  
Lately I've been thinkin' that there's somethin' I've been missin'  
**C#m E B**  
But I just can't quite put my finger on it.  
**E A E A**  
Tired of merely existing when'd I loose my passion for living?  
**C#m E B**  
Conventions held me captive from my senses.  
**G#m C#m G#m C#m**  
Could you throw me a line....., save me from my mind?  
**A E B**  
And from what's keepin' me from takin' any chances?

CHORUS: **E A**  
Take me into the wild, baby.  
**E A**  
Take me into the wild, to see what I can see.  
**C#m E B**  
Never let me forget, never let me deny the inner child in me.  
**E A**  
Take me into the wild, honey.  
**E A**  
Take me away from the wild away from boundaries.  
**C#m E B**  
And let me just feel what it's like to feel a little mystery.  
**G#m C#m G#m C#m B**  
Take me into the wild.....Take me into the wild...

2. **E A E A**  
I don't know I'm guessing there'll be some kind of lesson.  
**C#m E B**  
I'm learnin' from this time of introspection.  
**E A E A**  
Could it be a Freudian thing? The reason I'm craving?  
**C#m E B**  
What will it take to get this caged bird singin'?  
**G#m C#m G#m C#m**  
Could you throw me a line....., save me from my mind?  
**A E B**  
And from what's keepin' me from takin' any chances?

BRIDGE: **C#m G#m A E**  
Take me there where I don't just care.  
**A E B**  
Just as long as I can let down my hair.  
**C#m G#m A E**  
Far away from the plain-old everyday.  
**A E**  
Let me see, let me hear, let me feel,  
**B**  
let me smell, let me taste. (Chorus)
