Silent Anymore

Words and Music by Lisa Witty

Em
1. You were right. Who am I?
C **Em**
to be crying out in the middle of the night?
C **Fmaj7**
You pushed me there I had no choice, like a child who has no voice.
C
I need to be heard cause you don't hear my unspoken words.
Fmaj7 Em F
You do realize it takes two.

Gsus4 G Gsus4 G
CHORUS: And everyday I'd hope and pray
Fmaj7 **C**
that you would hear my voice.
Gsus4 G **Gsus4 G**
Now I see what it's done to me
Fmaj7 C Em
I can't (won't) be silent anymore…anymore

Em
2. Sweet release I rest in peace
C **Em**
I've been running down a lonely one-way street.

Could you meet me there?
C **Fmaj7**
What happened to the words we used to share?
C **Fmaj7**
Do you even care? What will it take to fill your empty stare?
Em F
Insanity is what I plea. (Chorus)

D Dmaj7 F C
BRIDGE: And you think all's fair in love how could I feel this way.
D Dmaj7 F C Em C
At least now I know you've heard just what I have to say.
