

Something More

Words and Music by Lisa Witty

B E (vamp)
1. I keep havin' the same dream It keeps spinnin' in my head.

I keep missin' the same boat there's something to be said.
F# E
For what our egos cannot hide.
F# E
For what's locked down deep inside.

B E (vamp)
2. And I keep walkin' the same mile I'm not getting anywhere.

There's no exit to Eden unless I'm already there.
F# E F#
So what's new? What's never been done before?
E F# E F#
Call it a gut feeling, but I think there's something more...
B E (vamp)
I think there's something more.

B E (vamp)
3. Don't wanna waste another minute looking back.

A hopin' and a prayin' for a life I wish I had.
Excuses come way too easily and I'm not one for mediocrity.
F# E F# E F#
So is there something more than what's been done before?
E E
I just want to be sure...
B E (vamp)
there's more behind that door.

BRIDGE: **F# E F#**
Is there something more than this?
E F#
Where do I find this hidden bliss?
E F#
Is it far or is it near?
E B E (vamp)
Is it now or is it next year?

I think there's something more.
